# Refer 2 people. Your subscription pays itself.

## You pay

\$10 / month

## Referral commission

$2 \times \$2.50 = \$5.00$

## Pairing bonus

Balanced pair  
bonus = \$5.00

## Total earned

After that? Every new person in your network is pure passive income — month after month.

Just 2 people. That's all it takes to go from subscriber to earner.

# But why stop at 2?

Earn up to 50% in referral rewards — 5 levels deep. Your 2 friends each refer 2 more, they refer 2 more, and you earn automatically from the whole group every month.

## Automatic earnings

Earnings compound as your downline grows — no extra work.

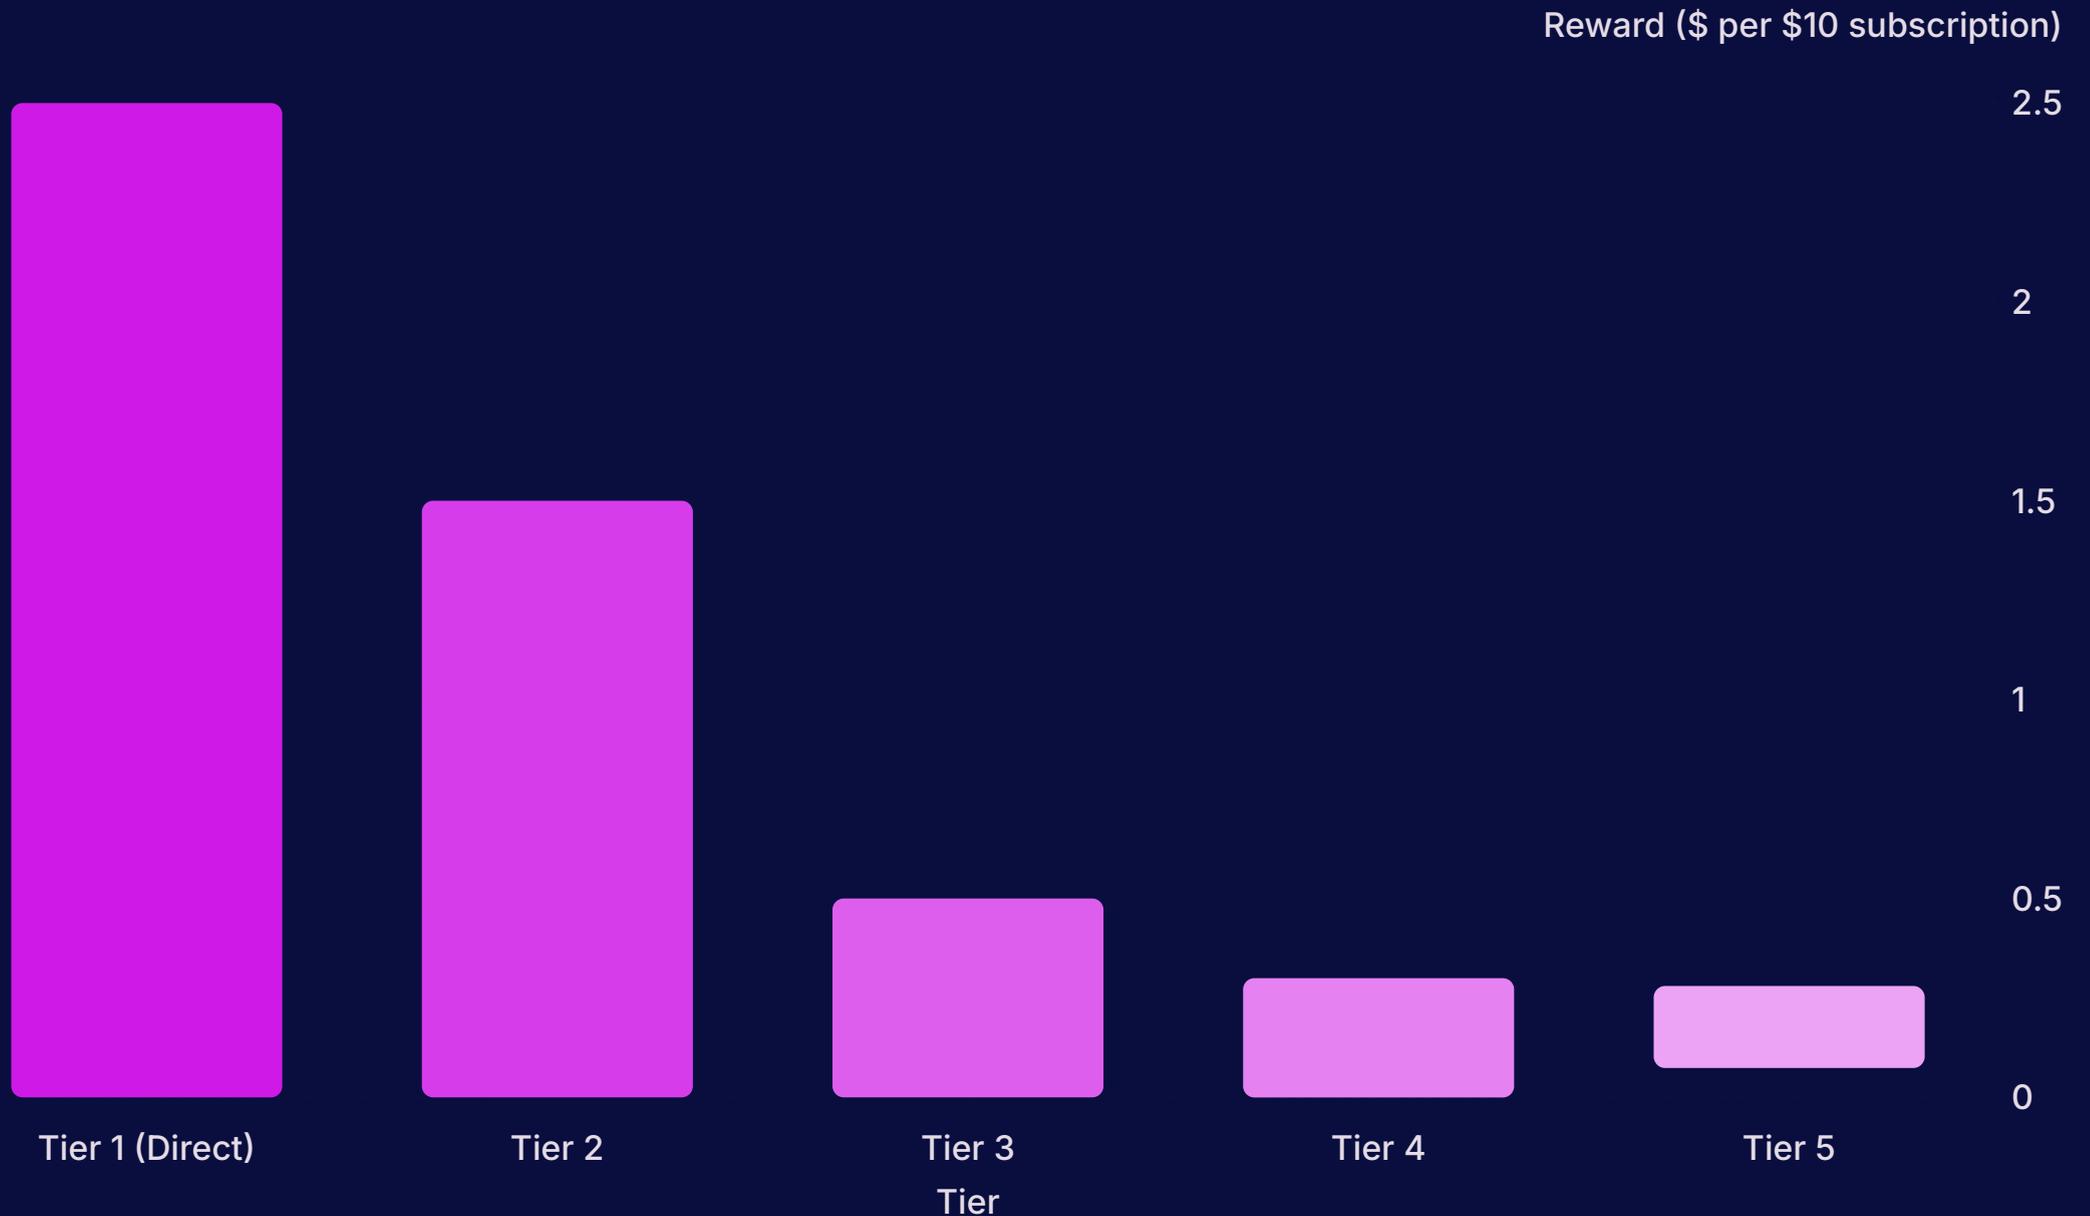

## 5 levels

Rewards paid from direct and indirect referrals for ongoing income.

## Scales with virality

Small starts can create large networks — power of exponential growth.

# 5-Tier Referral Reward System

The system pays **50% total** of each \$10 subscription to your network every month. Recurring. Not one-time.

# What does this look like in real money?

## Starter

Each refers 2 → 62 people in network →  
**\$26.20 / month**

## Growth

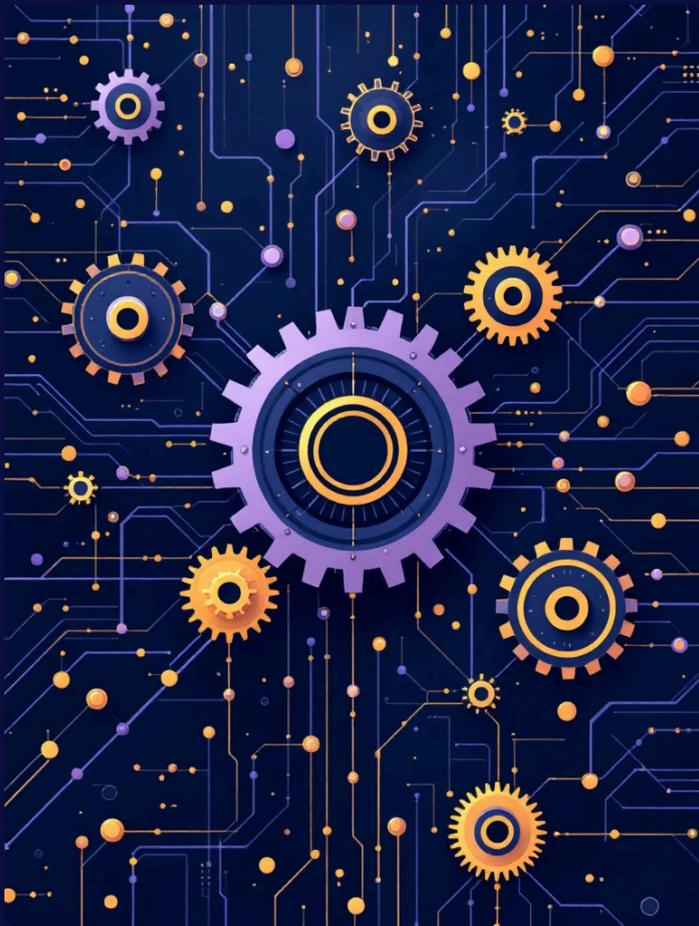

Each refers 3 → 363 people → **\$107.40 / month**

## Viral

Each refers 15 → 813,615 people →  
**\$169,125 / month**

☐ Remember — it starts with just 2. That's your break-even. Everything beyond that is wealth.
